Pierre and the Moon

Little Pierre lives with his Grandmother, who has a very special storybook. Pierre loves looking at the pictures and listening to the tales. He hears about a world where animals are friends and the moon waves to children. One evening, while Pierre's grandmother is telling him a story, she falls asleep. Pierre magically ventures into the story - on his very own.

Pierre and the Moon is a poetic puppet and mask theatre piece. It is suitable for a family audience, and is specifically created for children aged 3 - 7. As there is no real speech, the piece is suitable for speakers of any language. Playing time approx. 45 minutes.
